

Zone 4 Southern Indiana Society of Directors of Volunteers What's In It for Me?

"I enjoy our (Zone 4) meetings for many reasons. To share our mutual problems with each other and to get new and exciting ideas. Although our hospitals are different sizes just being in the same area of the state seems like we have more in common." Barb Seitz Volunteer Coordinator Memorial Hospital & Health Care Center, bseitz@mhhcc.org , 812-482-0504
"Going above and beyond to serve in a caring and compassionate manner!"

"I always look forward to seeing others, sharing thoughts and gathering new ideas. Others see my stumbling blocks with a different perspective which gives me a whole new approach on situations. The brainstorming which occurs at our meetings is immeasurable. I always leave with a fresh approach to my job." JoElla Coats, Volunteer Director, Good Samaritan Hospital, Vincennes, IN
Zone 4 Chairperson, 812.885.3120, jcoots@gshvin.org

"I am a nurse by profession, so when I was asked to manage the volunteers at our hospital, I had no experience. I am so thankful I found such wonderful resources thru the ISDVS group of professionals. It's like having many experts in your back pocket. They are a diverse and exceptional group to draw upon and the friendships that have formed are the best." Hanna K. Swayer, RN Bloomington Hospital Orange County Health Education/Community Outreach/Volunteer Services Manager, 812-723-7474, hswayer@bloomingtonhospital.org

"I love opportunities to gather with others in my profession to share plans and thoughts and to bounce ideas off of - someone in our field understands where we are coming from with our ideas and they provide the very best advice and suggestions. I enjoy the opportunity to learn in this smaller setting - I can hear what everyone has to say and ask questions right then. I consider this one of my significant learning opportunities of the year! Smiles!" Connie Hill, CAVS
Bloomington Hospital Volunteer & Visitor Services Director, 812.353.9498, chill@bloomingtonhospital.org
